memorial WebLink

Easy to Implement

- 1 You supply information :
Name of Departed
and dates
- 2 We create a QR Webcode
and linked online
Tribute
- 3 We email you the Tribute web
address and password giving
you sole access and control
- 4 Your Webcode is engraved on a
marker plate, or Headstone and
can be printed for the funeral.
- 5 You access the Tribute at
any time - add more text,
photos music or video

WebLink's QR Code

The code can be engraved on a marker or
Headstone and printed for the Order of Service.

Your unique QR code
connects your memorial
to an attractive online
Tribute. Scan this with
a mobile and view or
edit the Tribute with
your browser.

We can link the QR to a private website, to any
Tribute hosting website you have already chosen,
or we can initiate a Tribute on the respected and
feature-full "Much Loved" website - one you can
further develop, later, with pictures, sound, video
and family messages and memories.

Online Tribute Key Features :-

- Personalised domain
- Easy to update
- Range of design templates
- Add photos, music and video
- Have full control of access
- Share with friends and family
